Re: Enclosed P&G Patent Application/Request for Signature

OFFICIAL

Dear Mr. Gressel:

The purpose of this letter is to request your cooperation in executing documents related to a P&G patent application, entitled Process For Making Pouches, in which you are named as an inventor.

Enclosed are the application papers (specification, claims, and declaration - there are no drawings for this application) and the assignment. Your signature on duplicate copies of the declaration and assignment is respectfully requested. The places for signatures and dates are clearly marked and I call to your attention that the assignment requires your signature be notarized. A notary public can be found at most financial institutions and bureau of motor vehicles offices.

Once executed, please return the documents to me using the enclosed pre-paid Fed Ex mailer. Please do not hesitate to contact me if you have questions or experience any difficulty in fulfilling my request.

Thank you in advance for your cooperation.

Sincerely,

Bridget M. Harris
